FUNERAL PLANNING

At Crake and Mallon Funeral Service we have been arranging and conducting funerals throughout the Teesside area since 1971.

My family and I have seen first hand the impact that bereavement has on the families we care for and understand how distressing it is to have to make funeral arrangements for a loved one.

Sometimes the families that come to us do not always know what their loved one would have wanted, and this can often cause further distress.

If I can offer one piece of advice it would be to have these conversations and make your wishes known. That way when the time comes, your friends and family will know what to do, and what arrangements to make.

We have designed this brochure to help you make a note of your wishes and any special requests you may have. You may wish to put it with your personal papers and tell your family where it is kept.

If you would like to speak to myself or a member of my team please get in touch. We will help with any queries you may have without obligation.
